MILKHOUSE CANDLE CO.

CLEAN. SIMPLE. SUSTAINABLE.

Cheers to 20 years!

Milkhouse Candle Company founders, Eric and Janet Sparrow, have always had strong ties to agricultural America. It's their Midwest upbringing that inspired the creation of a cleaner, healthier candle experience 20 years ago at their kitchen table. With their strong, Iowa-born work ethic, an entrepreneurial drive, and a determination you don't find just anywhere, they have grown Milkhouse Candle Co. into a successful and rapidly growing candle business. Some would even say over the years the couple was often burning the candle at both ends [pun intended]!

It all started as a date-night activity in 2002. Their candle making began at the kitchen table using canning jars bought at local auctions. They shared their creations with friends, family, and co-workers, and suddenly they started getting more requests for candles. They eventually went all-in on the new business, and now 20 years after the original candles were produced, the Creamery and Farmhouse Collections of Milkhouse all-natural candles and fragrance wax melts can be found in all 50 states and multiple countries around the world!

The Milkhouse blend of waxes is simple: all-natural wax that uses soy wax from soybeans grown in America's Midwest and is infused with beeswax. The blend of waxes provides a safe and clean-burning alternative to paraffin candles. Premium fragrance oils from top fragrance houses around the world are used to give the strongest fragrance throw possible. The wicks are made of cotton, the jars are reusable, and the candles contain no dyes. This allows Milkhouse to produce and sell products that are clean, simple, sustainable and renewable.

Milkhouse Candle Co. continues to be committed to spreading the message that there are plenty of healthy alternatives to paraffin wax in the candle market. Thank you for joining us on our journey and helping fill every home with clean-burning, great smelling, all-natural wax candles. Thank you for helping build Milkhouse Candle Co. into what it is today! We look forward to continuing to build our relationship with each of our wholesale customers and giving you a customer experience that makes you feel like you're part of our Milkhouse Family. Cheers to the next 20 years!

Sincerely,

The Milkhouse Team
